John Reed, Co-Founder and Chief Executive Officer, said:

Michael Lee, Chief Financial Officer, said:

"While the operating environment is challenging, we remain disciplined in how we are managing the business, with a focus on controlling costs, prioritizing high-return investments, and maintaining flexibility while continuing to invest in the long-term growth of Arhaus. We want to thank our teams across Arhaus for their continued dedication and execution, and our shareholders for their ongoing support as we remain focused on driving long-term shareholder value."

Business Highlights

First quarter net revenue was \$314 million, an increase of 0.9% year-over-year and above the midpoint of the Company's guidance range.

Comparable Delivered Sales⁽¹⁾ decreased 1.7% in the first-quarter, above the midpoint of the Company's guidance range. Comparable Written Sales⁽²⁾ decreased 5.7% in the first-quarter.

Showroom Highlights

At the end of the first quarter of 2026, Arhaus operated 107 Showrooms across 31 states. In April, the Company opened a new Traditional Showroom in Ashburn, Virginia and in early May, Arhaus completed an expansion of its Park Meadows, Colorado showroom.

For 2026, the Company continues to expect to complete approximately 10 to 14 Total Showroom Projects⁽³⁾, consisting of 4 to 6 new openings and 6 to 8 relocations, renovations, or expansions, representing Net Unit Growth⁽⁴⁾ of mid-single-digits for the year.

Balance Sheet and Liquidity

As of March 31, 2026, the Company reported the following:

- No long-term debt.
- Cash and cash equivalents totaled \$177 million, a 30.1% decrease from December 31, 2025 to March 31, 2026. This primarily reflects the \$49 million special cash dividend paid in March.
- Net merchandise inventory of \$369 million, a 9.0% increase from December 31, 2025 to March 31, 2026.
- Client deposits of \$271 million, a 15.0% increase from December 31, 2025 to March 31, 2026.
- Net cash used in operating activities totaled \$10 million for the three months ended March 31, 2026.
- Net cash used in investing activities was \$16 million for the three months ended March 31, 2026. Company-funded capital expenditures⁽⁵⁾ were \$13 million and landlord contributions were \$3 million.

Special Cash Dividend

On February 17, 2026, the Board of Directors of the Company declared a special cash dividend on the Company's Class A and Class B common stock of \$0.35 per share. This was paid on March 31, 2026, to shareholders of record at the close of business on March 18, 2026.

Outlook

The Company is reaffirming its full-year 2026 outlook and providing second quarter 2026 guidance. While the Company continues to operate in a challenging environment, the Company remains confident in its full-year 2026 outlook.

As a reminder, the Company is also lapping a particularly strong second quarter in the prior year, where the Company successfully brought operations of its Dallas Distribution Center in-house which ramped ahead of schedule. This transition enabled the Company to convert strong first quarter demand into net revenue more efficiently and at a higher volume than expected. As a result, second quarter performance should be viewed in the context of this strong prior-year comparison.

Additionally, the Company's current outlook does not include any benefit from potential IEEPA tariff refunds. As there is greater clarity and confirmation regarding those refunds, the Company will evaluate any impact and update guidance if necessary.

Non-GAAP Financial Measures

In addition to the results provided in accordance with U.S. GAAP, this press release and related tables include adjusted EBITDA, adjusted EBITDA as a percentage of net revenue, and Free Cash Flow, which present operating results on an adjusted basis.

We use non-GAAP measures to help assess the performance of our business, identify trends affecting our business, formulate business plans and make strategic decisions. In addition to our results determined in accordance with U.S. GAAP, we believe that providing these non-GAAP financial measures is useful to our investors as they present an informative supplemental view of our results from period to period by removing the effect of non-recurring items. However, our inclusion of these adjusted measures should not be construed as an indication that our future results will be unaffected by unusual or infrequent items or that the items for which we have made adjustments are unusual or infrequent or will not recur. These non-U.S. GAAP measures are not a substitute for, or superior to, measures of financial performance prepared in accordance with U.S. GAAP. Because not all companies use identical calculations, the presentations of these measures may not be comparable to other similarly titled measures of other companies and can differ significantly from company to company. These measures should only be read together with the corresponding U.S. GAAP measures. Please refer to the reconciliations of adjusted EBITDA and Free Cash Flow to the most directly comparable financial measures prepared in accordance with U.S. GAAP below.
