(Mark One)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2026

OR

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number: 001-41009

Arhaus, Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

87-1729256

(I.R.S. Employer
Identification No.)

51 E. Hines Hill Road, Boston Heights, Ohio

(Address of Principal Executive Offices)

44236

(Zip Code)

(440) 439-7700

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Class A common stock, \$0.001 par value per share	ARHS	The Nasdaq Global Select Market

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports); and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of “large accelerated filer,” “accelerated filer,” “smaller reporting company,” and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer

☐

Non-accelerated filer

☐

Accelerated filer

☒

Smaller reporting company

☐

Emerging growth company

☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

As of July 31, 2026 the registrant had 54,636,133 shares of Class A common stock and 87,115,600 shares of Class B common stock outstanding.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

1. Nature of Business and Basis of Presentation

Nature of Business

Arhaus, Inc. (“Arhaus,” “Company,” “we,” “us” or “our”) is a Delaware corporation and is a premium retailer in the home furnishings market, specializing in livable luxury supported by heirloom quality merchandise. We offer merchandise across a broad range of categories, including furniture, outdoor, bath, lighting, textiles, and décor. Our curated assortments are presented across our sales channels in sophisticated, family-friendly and lifestyle-oriented settings. Showrooms are immersive, design-forward spaces that serve as an important driver of brand awareness and client engagement, while our eCommerce channel functions as a seamless extension of the physical Showroom experience. The Company operated 109 Showrooms as of June 30, 2026.

Basis of Presentation

The condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The accompanying condensed consolidated financial statements include our accounts and those of our wholly owned subsidiaries. Accordingly, all intercompany balances and transactions have been eliminated through the consolidation process.

The accompanying condensed consolidated balance sheets at June 30, 2026 and December 31, 2025, the condensed consolidated statements of comprehensive income, changes in stockholders’ equity for the six and three months ended June 30, 2026 and June 30, 2025, the condensed consolidated statements of cash flows for the six months ended June 30, 2026 and June 30, 2025 and the related interim condensed consolidated disclosures are unaudited and have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) for interim financial information. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements.

In management’s opinion, the accompanying condensed consolidated financial statements contain all adjustments, consisting of normal recurring adjustments, necessary for a fair statement of the Company’s financial position at June 30, 2026 the results of operations and changes in stockholders’ equity for the six and three months ended June 30, 2026, and cash flows for the six months ended June 30, 2026. The condensed consolidated balance sheet as of December 31, 2025 included herein was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP.

The results for the six and three months ended June 30, 2026 and June 30, 2025 are not necessarily indicative of the operating results to be expected for the full fiscal year or any future period. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. Therefore, these condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2025.

Use of Estimates

The preparation of our condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The accounting estimates and other matters included within our condensed consolidated financial statements and notes to the condensed consolidated financial statements we have assessed include, but were not limited to, revenue recognition, including a reserve for merchandise returns, inventory reserves, impairment of long-lived assets and fair value of financial instruments which include, but are not limited to, accounts receivable, payables and lease obligations.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Tariffs

In February 2026, the U.S. Supreme Court issued a ruling invalidating certain tariffs previously imposed under the International Emergency Economic Powers Act ("IEEPA"). Subsequently, the U.S. Court of International Trade ruled that tariffs paid under the IEEPA must be refunded in accordance with the law. As a result, the U.S. Customs and Border Protection Agency launched a special tariff refund program to facilitate such refunds.

The Company has requested refunds of \$37.8 million for IEEPA tariffs previously paid and believes recovery is probable. As of June 30, 2026, the Company recognized a receivable of \$32.7 million, which is included in prepaid and other current assets within the condensed consolidated balance sheets. As of June 30, 2026, the Company received \$5.1 million in cash for the refunds.

During the six and three months ended June 30, 2026, the Company recognized a benefit of \$23.8 million for the recovery of IEEPA tariffs paid, of which \$15.5 million related to inventory sold prior to April 2026 and \$8.3 million related to inventory sold during the quarter, in cost of goods sold within the condensed consolidated statements of comprehensive income.

As of June 30, 2026, the Company recorded \$14.0 million primarily related to the reductions in inventory costs in merchandise inventory, net within the condensed consolidated balance sheets.

As of August 6, 2026, the Company has received \$37.8 million in tariff refunds and \$1.3 million in interest.

Client Deposits

Client deposits represent payments made by clients on orders. At the time of order, the Company collects deposits for all orders equivalent to at least 50 percent of the clients' purchase price. Orders are recognized as revenue when the merchandise is delivered to the client and at the time of delivery the client deposit is no longer recorded as a liability. The Company expects substantially all client deposits as of June 30, 2026 will be recognized as net revenue within the next 12 months as the performance obligations are satisfied.

Gift Cards

The Company sells gift cards to clients in our Showrooms. Such gift cards do not have expiration dates. We defer revenue when payments are received in advance of performance for unsatisfied obligations related to our gift cards. The liability related to unredeemed gift cards at June 30, 2026 and December 31, 2025 of \$0.4 million and \$0.6 million, respectively, is recorded in accrued other expenses within the condensed consolidated balance sheets. The Company recognizes income associated with breakage proportional to actual gift card redemptions.

Fair Values of Financial Instruments

The Company's primary financial instruments are cash and cash equivalent investments, accounts receivable, payables, lease obligations and equity based compensation instruments. Due to the short-term maturities of cash and cash equivalent investments, accounts receivable and payables, the Company believes the fair values of these instruments approximate their respective carrying values at June 30, 2026 and December 31, 2025. See Note 5 — *Leases* for discussion of our lease obligations and Note 6 — *Equity Based Compensation* for discussion of our equity based compensation instruments.

The Company has established a hierarchy to measure our financial instruments at fair value, which requires us to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs represent market data obtained from independent sources, whereas unobservable inputs reflect the Company's own market assumptions, which are used if observable inputs are not reasonably available without undue cost and effort. The hierarchy defines three levels of inputs that may be used to measure fair value:

Level 1	Unadjusted quoted prices in active markets for identical, unrestricted assets and liabilities that the reporting entity has the ability to access at the measurement date.
---------	--

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the entire contractual term of the asset or liability.
Level 3	Unobservable inputs that reflect the entity's own assumptions about the assumptions market participants would use in the pricing of the asset or liability and are consequently not based on market activity but rather through particular valuation techniques.

The Company invests in Level 1 cash and cash equivalent investments such as money market funds and interest-bearing checking accounts. For the six and three months ended June 30, 2026, the Company earned \$4.3 million, of which \$1.0 million related to interest on IEEPA refunds, and \$2.5 million, of which \$1.0 million related to interest on IEEPA refunds, respectively, in interest income. For the six and three months ended June 30, 2025, the Company earned \$4.0 million and \$2.1 million, respectively, in interest income. Interest income is included in interest income, net within our condensed consolidated statements of comprehensive income.

Accounts Receivable

The Company's accounts receivables are \$0.2 million and \$0.7 million, respectively, at June 30, 2026 and December 31, 2025, net of allowance for expected credit losses of \$0.3 million and \$0.4 million, respectively. The allowance for expected credit losses is determined by considering a number of factors, including the length of time trade accounts receivable are past due, previous loss history, the client's current ability to pay its obligations, and the current and future condition of the general economy and industry as a whole. The Company has elected the practical expedient to assume that current conditions as of the balance sheet date do not change for the remaining life of the asset when estimating expected credit losses. Accounts receivable are written off when they become uncollectible and any payments subsequently received on such receivables are credited to the allowance for expected credit losses. Accounts receivable are recorded at the invoiced amount and do not bear interest.

Prepaid and Other Current Assets

Prepaid and other current assets consist of the following (amounts in thousands):

	June 30, 2026	December 31, 2025
Prepaid expenses	\$ 7,758	\$ 7,955
Right of return asset	2,397	2,050
Prepaid cloud computing arrangements, net ⁽¹⁾	10,639	8,282
Deposits	3,988	4,152
Other current assets	36,283	2,986
Total prepaid and other current assets	\$ 61,065	\$ 25,425

⁽¹⁾ Presented net of accumulated amortization of \$13.1 million and \$8.7 million as of June 30, 2026 and December 31, 2025, respectively.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Accrued Other Expenses

Accrued other expenses consist of the following (amounts in thousands):

	June 30, 2026	December 31, 2025

Accrued other expenses	22,531	14,419
Total accrued other expenses	<u>\$ 53,269</u>	<u>\$ 46,781</u>

2. Recently Issued Accounting Standards

New Accounting Standards Recently Adopted

The Company adopted Accounting Standards Update (“ASU”) 2025-05 — Financial Instruments — Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets during the three months ended March 31, 2026 and has applied it prospectively. The adoption of ASU 2025-05 did not have a material impact on our accounting policies, financial position or results of operations. Refer to Note 1 — *Nature of Business and Basis of Presentation* for disclosures required by this ASU.

Accounting Standards Not Yet Adopted

The following table summarizes accounting pronouncements which we have not yet adopted but will be adopted in upcoming fiscal years. ASU 2024-03 and the related ASU 2025-01 are effective for annual periods beginning after December 15, 2026. We are evaluating the impact these pronouncements will have on our consolidated financial statements and related disclosures. ASU 2025-06 is effective for annual periods beginning after December 15, 2027. We are evaluating the impact ASU 2025-06 will have on our consolidated financial statements and related disclosures.

ASU	Description	Adoption Date
ASU 2024-03	Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses	Fiscal Year 2027
ASU 2025-01	Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Clarifying the Effective Date	Fiscal Year 2027

3. Merchandise Warranties

The Company warrants certain merchandise to be free of defects in both construction materials and workmanship from the date the performance obligation was fulfilled to the client for three to ten years depending on the merchandise category. The Company accounts for merchandise warranties by accruing an estimated liability when we recognize revenue on the sale of warranted merchandise. We estimate future warranty claims based on claim experience which includes materials and labor costs to perform the repairs or replace products. We use judgment in making our estimates. We record differences between our estimated and actual costs when the differences are known.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

A reconciliation of the changes in our limited merchandise warranty liability is as follows (amounts in thousands):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Balance as of beginning of period	\$ 8,482	\$ 7,627	\$ 8,367	\$ 7,671
Accruals during the period	7,282	6,811	3,981	3,862
Settlements during the period	(7,024)	(6,381)	(3,608)	(3,476)
Balance as of end of the period	\$ 8,740	\$ 8,057	\$ 8,740	\$ 8,057

We recorded accruals in cost of goods sold within the condensed consolidated statements of comprehensive income during the periods presented in the table above, primarily to reflect charges that relate to warranties issued during the respective periods.

4. Debt

In November 2021, the Company entered into a revolving credit facility (the “2021 Credit Facility”). The 2021 Credit Facility provides for, among other things, (1) a revolving credit facility in an aggregate amount not to exceed at any time outstanding the amount of such lender’s commitment, (2) a letter of credit commitment in an amount equal to the lesser of (a) \$10.0 million, and (b) the amount of the revolving credit facility as of such date, and (3) a swingline loan in an amount equal to the lesser of (a) \$5.0 million, and (b) the amount of the revolving credit facility as of such date. The aggregate amount of all commitments of all lenders under the 2021 Credit Facility was initially \$50.0 million. The 2021 Credit Facility contains restrictive covenants and has certain financial covenants, including a maximum rent-adjusted total leverage ratio and a minimum fixed charge ratio. The 2021 Credit Facility initially bore variable interest rates at the prevailing Bloomberg Short-Term Bank Yield index rate plus the applicable margin, whereas the applicable margin is adjusted quarterly based on the Company’s consolidated rent-adjusted total leverage ratio.

In December 2022, the Company amended the 2021 Credit Facility to increase the revolving credit commitment thereunder by \$25.0 million. After giving effect to such increase, the aggregate amount of all commitments under the 2021 Credit Facility was \$75.0 million.

In August 2024, the Company amended the 2021 Credit Facility to adjust the index rate from the Bloomberg Short-Term Bank Yield Index to Term Secured Overnight Financing Rate. The 2021 Credit Facility bears variable interest rates at the prevailing Term Secured Overnight Financing Rate plus the applicable margin (1.75% at June 30, 2025).

In May 2025, the Company issued an irrevocable standby letter of credit under the 2021 Credit Facility in the amount of \$5.1 million in connection with a lease, which remained outstanding at June 30, 2026.

In October 2025, the Company entered into the Third Amendment to Credit Agreement and Amendment to Security and Pledge Agreement (the “Amendment”). The Amendment further amends the 2021 Credit Facility to, among other things, (1) extend the maturity date of the revolving credit facility from November 8, 2026 to October 17, 2030, and (2) increase the letter of credit commitment to an amount equal to the lesser of (a) \$15 million, and (b) the amount of the revolving credit facility as of such date. After giving effect to the Amendment, the aggregate amount of revolving credit commitments under the Credit Agreement remains \$75 million. The Company has the option to increase the revolving credit commitment thereunder by an additional \$25 million. In connection with the Amendment, the Company has incurred approximately \$0.2 million in debt issuance costs. The 2021 Credit Facility bears variable interest rates at the prevailing Term Secured Overnight Financing Rate plus the applicable margin (1.75% at June 30, 2026).

At June 30, 2026 and December 31, 2025, we had no borrowings on the 2021 Credit Facility and the available borrowing capacity was \$69.9 million and \$69.9 million, respectively. Deferred financing costs related to the 2021 Credit Facility of \$0.3 million and \$0.3 million as of June 30, 2026 and December 31, 2025, respectively, are recorded in other noncurrent assets within the condensed consolidated balance sheets and will be amortized over the term of the 2021 Credit Facility on

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

a straight-line basis. Accumulated amortization related to deferred financing costs for the 2021 Credit Facility was \$0.3 million as of June 30, 2026 and \$0.3 million as of December 31, 2025.

The Company was in compliance with all applicable debt covenants at June 30, 2026 and December 31, 2025, and expects to remain in compliance over the next 12 months.

5. Leases

The Company leases real estate and equipment under operating and finance leases, some of which are from related parties as discussed in Note 10 — *Related Party Transactions*. The most significant obligations under these lease agreements require the payments of periodic rentals, real estate taxes, insurance and maintenance costs. Depending on particular Showroom leases, the Company can also owe a percentage rent payment if particular Showrooms meet certain sales figures.

The following table summarizes the amounts recognized within our condensed consolidated balance sheets related to leases (amounts in thousands):

	Condensed Consolidated Balance Sheet Classification	June 30, 2026	December 31, 2025
Assets			
Operating lease assets	Operating right-of-use assets	\$ 415,884	\$ 391,274
Finance lease assets	Financing right-of-use assets	32,184	33,275
Total leased assets		<u>\$ 448,068</u>	<u>\$ 424,549</u>
Liabilities			
Current operating leases	Current portion of operating lease liabilities	\$ 62,156	\$ 60,115
Non-current operating leases	Operating lease liabilities, long-term	494,179	467,226
Total operating lease liabilities		<u>556,335</u>	<u>527,341</u>
Current finance leases	Current portion of financing lease liabilities	970	862
Non-current finance leases	Financing lease liabilities, long-term	51,931	52,374
Total finance lease liabilities		<u>52,901</u>	<u>53,236</u>
Total lease liabilities		<u>\$ 609,236</u>	<u>\$ 580,577</u>

The components of lease cost recognized within our condensed consolidated statements of comprehensive income are as follows (amounts in thousands):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Lease costs:				
Operating lease costs ⁽¹⁾	\$ 40,024	\$ 33,430	\$ 20,302	\$ 16,986
Finance lease costs				
Amortization of right-of-use assets ⁽¹⁾	1,101	1,140	551	538
Interest expense on lease liabilities ⁽²⁾	2,552	2,565	1,275	1,276
Variable lease costs ⁽³⁾	21,311	23,784	11,082	11,542
Short term lease costs ⁽⁴⁾	88	88	44	44
Total lease costs	<u>\$ 65,076</u>	<u>\$ 61,007</u>	<u>\$ 33,254</u>	<u>\$ 30,386</u>

⁽¹⁾ Operating lease costs and amortization of finance lease right-of-use assets are included in cost of goods sold or selling, general and administrative expenses on the condensed consolidated statements of comprehensive income based on our accounting policy.

⁽²⁾ Included in interest income, net on the condensed consolidated statements of comprehensive income.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

⁽³⁾ Represents variable lease payments under operating and finance lease agreements, primarily associated with contingent rent that is based on a percentage of retail sales over contractual levels as well as charges associated with common area maintenance, property taxes and insurance. These costs are included in cost of goods sold or selling, general and administrative expenses on the condensed consolidated statements of comprehensive income based on our accounting policy.

⁽⁴⁾ Represents leases with an initial term of 12 months or less which are not recorded on the balance sheet and instead expensed on a straight-line basis over the lease term, excluding expenses relating to leases with a lease term of one month or less.

We often have options to renew lease terms for Showrooms and other assets. The exercise of lease renewal options is generally at our sole discretion. In addition, certain lease agreements may be terminated prior to their original expiration date at our discretion. We evaluate each renewal and termination option at the lease commencement date to determine if we are reasonably certain to exercise the option on the basis of economic factors. The weighted average remaining lease terms are as follows:

Weighted Average Remaining Lease Term (In Years)	Six months ended June 30,	
	2026	2025
Operating leases	8.62	8.71
Finance leases	19.14	19.98

When readily determinable, we use the discount rate implicit within the lease as determined at the time of lease commencement. However, the discount rate implicit within many of our leases is generally not determinable at the time of lease commencement and therefore the Company determines the discount rate based on its incremental borrowing rate (“IBR”). For leases in which the discount rate was not readily determinable, the Company utilized a market-based approach to estimate the IBR, which required significant judgment. The Company estimated the base IBR based on an analysis of (i) yields on the Company’s 2021 Credit Facility, as well as comparable companies and (ii) unsecured yields and discount rates. The Company applied adjustments to the base IBRs to account for full collateralization and lease term. The weighted average discount rates used to measure our lease liabilities are as follows:

Weighted Average Discount Rate	Six months ended June 30,	
	2026	2025
Operating leases	6.03 %	6.05 %
Finance leases	9.69 %	9.67 %

Future lease liabilities at June 30, 2026 are as follows (amounts in thousands):

Year Ending December 31,	Operating Lease Liabilities ⁽¹⁾	Finance Lease Liabilities	Total Lease Liabilities
Remainder of 2026	\$ 44,279	\$ 3,028	\$ 47,307
2027	92,724	6,017	98,741
2028	86,567	5,711	92,278
2029	84,112	5,247	89,359
2030	79,064	5,233	84,297
2031	73,687	5,744	79,431
Thereafter	262,561	93,750	356,311
Total lease payments	722,994	124,730	847,724
Less: Amounts representing interest	(166,659)	(71,829)	(238,488)
Total	\$ 556,335	\$ 52,901	\$ 609,236

⁽¹⁾ Includes leases with related parties. See Note 10 — *Related Party Transactions* for amounts leased from related parties.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

At June 30, 2026, the Company has entered into leases for Showrooms and equipment which have not yet commenced with expected lease terms ranging from 10 to 16 years. The aggregate minimum rental payments over the term of the leases of approximately \$193.5 million are not included in the above table.

Supplemental cash flow information related to leases is as follows (amounts in thousands):

	Six months ended June 30,	
	2026	2025
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows for operating leases	\$ 43,002	\$ 39,215
Operating cash flows for finance leases	2,555	2,494
Financing cash flows for finance leases	425	365
Right-of-use assets obtained in exchange for lease obligations:		
Operating leases	\$ 48,302	\$ 65,625
Finance leases	52	(844)

6. Equity Based Compensation

Activity of the Company's Restricted Stock and their related equity based compensation expense are summarized in the following tables (amounts in thousands, except share and per share data):

	Restricted Stock - Class A	
	Amount	Weighted Average Grant Date Fair Value
Unvested at December 31, 2025	64,187	\$ 18.61
Granted	—	—
Forfeited	—	—
Vested	(64,187)	18.61
Unvested at June 30, 2026	—	\$ —

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Equity based compensation expense - Restricted Stock	\$ 445	\$ 225	\$ 146	\$ 103

The Arhaus, Inc. 2021 Equity Incentive Plan (the "2021 Plan") was adopted in November 2021. The 2021 Plan authorizes the Company the ability to grant stock options (either incentive or non-qualified), stock appreciation rights ("SARs"), restricted stock, restricted stock units ("RSUs"), performance shares, performance share units ("PSUs") and other stock-based awards with respect to our Class A common stock to our employees, officers, consultants, advisors and directors. The maximum number of Class A common stock that may be granted under the 2021 Plan is 11,205,100 shares.

Per the 2021 Plan, each RSU and PSU represents a contingent right to receive one share of the Company's Class A common stock upon vesting. The RSUs granted to award recipients will vest over two to five years (depending on the terms of the award) on each anniversary of the grant date, provided that the award recipient continues to serve the Company through the applicable vesting date ("Continuous Service"). If the award recipient's Continuous Service terminates for any reason other than death, disability or in connection with a change in control (as such terms are defined in the 2021 Plan), unless the Compensation Committee of the Board of Directors determines otherwise, all RSUs that are unvested at the time of such termination shall be forfeited and cancelled immediately without consideration. RSU and PSU awards contain forfeitable rights to dividend equivalents. Dividend equivalents for outstanding awards are accrued when

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

dividends are declared on the Company's common stock but are not paid until the awards vest, and dividend equivalents accrued for awards that ultimately do not vest are forfeited. Dividend equivalents are settled in the form of cash or Class A common stock based on the award agreement. The RSUs issued to certain members of the Board of Directors will generally vest on the one-year anniversary of the grant date. The fair value of RSUs is determined based on the market value of the Company's Class A common stock on the grant date.

The number of PSUs earned will be based on the Company's financial performance as measured against pre-established target performance goals over the applicable performance period. For PSUs granted in fiscal year 2024, the performance goals are cumulative demand revenue and cumulative adjusted EBITDA. In April 2025, the Company granted PSUs with the aforementioned performance goals and a new performance goal for relative Total Shareholder Return ("TSR"). The fair value of PSUs is determined based on the market value of the Company's Class A common stock on the grant date. The fair value of the portion of PSUs related to relative TSR is derived from a Monte Carlo valuation model that estimates fair value as of the grant date. The Monte Carlo valuation model uses multiple simulations to evaluate our probability of achieving various stock price levels to determine the Company's expected TSR ranking relative to a custom peer group. For PSUs granted in fiscal year 2026, the performance goals are cumulative comparable written sales, cumulative adjusted EBITDA and relative TSR. PSUs will vest as of the end of the applicable performance period subject to the award recipient's Continuous Service, but will not settle and payout until the number of PSUs earned is determined by the Compensation Committee. The award recipient may earn between 0% and 200% of the PSU target award based on the Company's achievement of the applicable performance goals, with each goal weighted equally. The Company accounts for forfeitures as they occur.

Activity of the Company's PSU and RSU awards and their related equity based compensation expense are summarized in the following tables (amounts in thousands, except share and per share data):

	PSU Awards		RSU Awards	
	Amount	Weighted Average Grant Date Fair Value	Amount	Weighted Average Grant Date Fair Value
Unvested at December 31, 2025	605,039	\$ 9.78	2,320,867	\$ 8.73
Granted	791,262	7.31	1,321,504	6.93
Forfeited	(19,709)	8.52	(43,306)	7.95
Vested	—	—	(788,334)	9.02
Unvested at June 30, 2026	1,376,592	\$ 8.37	2,810,731	\$ 7.82

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Equity based compensation expense - PSUs ⁽¹⁾	\$ 1,417	\$ 246	\$ 954	\$ 173
Equity based compensation expense - RSUs ⁽²⁾	\$ 4,196	\$ 2,919	\$ 2,313	\$ 1,519

⁽¹⁾ Total unrecognized equity based compensation for the PSUs to be recognized in future periods is \$8.9 million at June 30, 2026, and will be recognized over a weighted average period of 2.20 years. Equity based compensation expense is recorded within selling, general and administrative expenses on our condensed consolidated statements of comprehensive income.

⁽²⁾ Total unrecognized equity based compensation for the RSUs to be recognized in future periods is \$19.2 million at June 30, 2026, and will be recognized over a weighted average period of 2.55 years. Equity based compensation expense is recorded within selling, general and administrative expenses on our condensed consolidated statements of comprehensive income.

7. Segment Reporting

Our chief operating decision maker ("CODM") is our Chief Executive Officer ("CEO"), who reviews financial information presented on a consolidated basis for purposes of making decisions, assessing financial performance and allocating resources. We operate our business as one operating segment and therefore we have one reportable segment that offers an assortment of merchandise across a broad range of categories, including furniture, outdoor, bath, lighting, textiles, and décor. The assortment of merchandise can be purchased through our Retail and eCommerce sales channels.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

The majority of our revenue is generated through sales to clients in the United States. Sales to clients outside of the United States are not significant. Further, no single client represents ten percent or more of our net revenue. There are no inter-segment transactions. Additionally, all property, furniture and equipment are located in the United States.

The accounting policies of our single operating segment are the same as those described within our summary of significant accounting policies in the Notes to the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2025. The CODM assesses performance at the consolidated level and makes business decisions based on various key performance indicators, primarily net income, which is also reported on the condensed consolidated statements of comprehensive income as net and comprehensive income.

Our CODM uses net income to determine the allocation of resources for investments in retail Showrooms, information technology and systems infrastructure, as well as supply chain investments. Net income is also used as a method for planning and forecasting overall expected performance and for evaluating, on a quarterly and annual basis, actual results against such expectations.

Asset information is reported on the condensed consolidated balance sheets as total assets. However, asset information is not used for purposes of making decisions, assessing financial performance or allocating resources.

Refer to the condensed consolidated statements of cash flow for property, furniture and equipment expenditures, related depreciation and amortization and other significant noncash items.

The following table shows revenue by merchandise sales channel and segment expenses (amounts in thousands):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Retail	\$ 584,609	\$ 553,639	\$ 320,202	\$ 298,186
eCommerce	114,564	116,168	64,695	60,249
Total net revenue	\$ 699,173	\$ 669,807	\$ 384,897	\$ 358,435
Less costs and expenses ⁽¹⁾ :				
Cost of goods sold	412,665	405,993	212,824	210,208
Corporate and administrative expenses ⁽²⁾	117,769	108,251	61,018	53,642
Selling expenses	90,505	82,344	45,851	37,952
Marketing expenses	21,728	20,925	10,938	9,868
Loss on disposal of assets	104	108	—	—
Interest income, net	(1,518)	(1,317)	(1,064)	(744)
Other income	(892)	(236)	(45)	(150)
Income before taxes	58,812	53,739	55,375	47,659
Income tax expense	16,943	13,791	15,729	12,593
Net and comprehensive income	\$ 41,869	\$ 39,948	\$ 39,646	\$ 35,066

⁽¹⁾ Significant costs and expenses include cost of goods sold, corporate and administrative expenses, selling expenses and marketing expenses.

⁽²⁾ Corporate and administrative expenses primarily include warehouse expenses, equity based compensation costs, information technology, human resources and legal costs, insurance expenses, accounting fees and corporate sustainability costs.

8. Net and Comprehensive Income per Share

Basic and diluted net and comprehensive income per share were calculated by dividing net and comprehensive income by the number of basic and diluted weighted-average common shares outstanding. The Company has elected to not adjust net and comprehensive income for forfeitable dividend equivalents, when declared, related to unvested equity awards. The Company will recognize dividends paid on common shares when the dividend equivalents are no longer forfeitable, such as if the contingency is met or the share-based payment awards vest into common shares.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Basic and diluted net and comprehensive income per share are as follows (amounts in thousands, except per share data):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Numerator				
Net and comprehensive income	\$ 41,869	\$ 39,948	\$ 39,646	\$ 35,066
Denominator—Weighted Average Shares Outstanding				
Weighted-average number of common shares outstanding, basic	141,218,014	140,536,663	141,466,361	140,709,814
Effect of dilutive restricted stock ^{(1) (2)}	558,339	590,216	341,892	452,496
Weighted-average number of common shares outstanding, diluted	141,776,353	141,126,879	141,808,253	141,162,310
Net and Comprehensive Income Per Share				
Net and comprehensive income per share, basic	\$ 0.30	\$ 0.28	\$ 0.28	\$ 0.25
Net and comprehensive income per share, diluted	\$ 0.30	\$ 0.28	\$ 0.28	\$ 0.25

⁽¹⁾ During the six and three months ended June 30, 2026, 625,453 and 1,044,137 shares of unvested RSUs and dividend equivalents were excluded from the computation of diluted earnings per share because their effect would have been anti-dilutive. During the six and three months ended June 30, 2025, 708,491 and 1,006,601 shares of unvested restricted stock and RSUs were excluded from the computation of diluted earnings per share because their effect would have been anti-dilutive.

⁽²⁾ During the six and three months ended June 30, 2026, 920,293 PSUs were excluded from the calculation of the effect of dilutive restricted stock because they did not meet the required performance criteria. During the six and three months ended June 30, 2025, 579,489 PSUs were excluded from the calculation of the effect of dilutive restricted stock because they did not meet the required performance criteria.

9. Commitments and Contingencies

The Company is involved in litigation and claims that are incidental to its business. Although the outcome of these matters cannot be determined at the present time, management of the Company believes that the ultimate resolution of these matters will not have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows. As of June 30, 2026 and December 31, 2025, the Company has accrued legal costs of \$6.8 million and \$6.5 million, respectively, that are included in accrued other expenses within our condensed consolidated balance sheets.

From time to time, the Company has received inquiries from a number of state and local taxing agencies with respect to the remittance of sales, use, telecommunications, excise, and income taxes. Several jurisdictions are currently conducting tax audits of the Company's records. The Company collects, or has accrued for, taxes that it believes are required to be remitted. The amounts that have been remitted have historically been within the accruals established by the Company. The Company adjusts its accrual when facts relating to specific exposures warrant such adjustment. As of June 30, 2026 and December 31, 2025, we recorded liabilities of \$0.3 million and \$0.3 million, respectively, in accrued other expenses within the condensed consolidated balance sheets for non-income tax matters that were probable and reasonably estimable.

The Company has entered into an irrevocable standby letter of credit arrangement for purposes of protecting a lessor against default on lease payments. As of June 30, 2026, these lease payments are included within the Company's condensed consolidated balance sheets in operating lease liabilities. As of June 30, 2026, the Company had a maximum financial exposure from the irrevocable standby letter of credit totaling approximately \$5.1 million, all of which is applied to reduce capacity under the Company's revolving credit facility. The Company has no history of default claims, nor is it aware of circumstances that would require it to perform under this credit arrangement and believes that the resolution of any claims that might arise in the future, either individually or in the aggregate, would not materially affect the Company's condensed consolidated financial statements. Accordingly, no liability has been recorded with respect to this credit arrangement as of June 30, 2026.

Arhaus, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

On February 29, 2024, the Board of Directors of the Company declared a special cash dividend on the Company's Class A and Class B common stock of \$0.50 per share, payable April 4, 2024, to shareholders of record at the close of business on March 21, 2024 (the "2024 Record Date"). The Company paid \$0.1 million and \$0.3 million of the aforementioned special cash dividend on its Class A common stock related to dividend equivalents on equity awards that vested during the six months ended June 30, 2026 and June 30, 2025, respectively.

On February 17, 2026, the Board of Directors of the Company declared a special cash dividend on the Company's Class A and Class B common stock of \$0.35 per share, payable March 31, 2026, to shareholders of record at the close of business on March 18, 2026 (the "Record Date"). The Company paid \$49.5 million of the aforementioned dividend on its Class A and Class B common stock to shareholders as of the Record Date during the six months ended June 30, 2026.

As of June 30, 2026, dividends payable of \$0.1 million are included in accrued other expenses. As of June 30, 2026, \$0.7 million is included in additional paid-in capital for dividend equivalents. As of December 31, 2025, dividends payable of \$0.1 million was included in accrued other expenses and there was no additional paid-in capital balance related to dividend equivalents. The remaining liability and equity balances recorded within our condensed consolidated balance sheets relate to dividend equivalents on outstanding equity awards under the Company's equity incentive plan that were unvested as of the applicable record date.

10. Related Party Transactions

Leasing transactions

In November 2000, the Company entered into a lease agreement with Pagoda Partners, LLC, a company of which John Reed, our CEO, indirectly owns 50%, for our warehouse in Walton Hills, Ohio. The base lease term was 17 years with a 5-year renewal option. In August 2020, the Company amended the lease agreement to extend the lease term to April 2024. The monthly rental payments were \$0.1 million. In July 2023, the Company amended the lease agreement to extend the lease term to April 2034 with one additional 5-year renewal option. The monthly rental payments range from \$0.1 million to \$0.2 million. Rent expense was \$0.9 million and \$0.9 million for the six months ended June 30, 2026 and June 30, 2025, respectively. Rent expense was \$0.4 million and \$0.5 million for the three months ended June 30, 2026 and June 30, 2025, respectively.

In July 2010, the Company entered into a lease agreement with Brooklyn Arhaus, a company of which our CEO and Mr. Beargie, a former Director of the Company, own 85% and 15%, respectively, for our Loft in Brooklyn, Ohio. The base lease term was 15 years with no lease renewal options. The monthly rental payments were \$20 thousand. In April 2025, the Company amended the lease agreement, effective in October 2025, to extend the lease term to September 2040 with no lease renewal options. The monthly rental payments range from \$29 thousand to \$39 thousand. Rent expense was \$0.2 million and \$0.2 million for the six months ended June 30, 2026 and June 30, 2025, respectively. Rent expense was \$0.1 million and \$0.1 million for the three months ended June 30, 2026 and June 30, 2025, respectively.

In March 2021, the Company entered into a lease agreement with Premier Conover, LLC, a company of which our CEO indirectly owns 40%, for a distribution center and manufacturing building. The base lease term is for 12 years, with a 10-year renewal option and two additional 5-year renewal options at the higher of the minimum base rent or the fair market rent at the time of renewal execution. The monthly rental payments range from \$0.2 million to \$0.3 million during the 12-year base lease term and from \$0.4 million to \$0.5 million during the 10-year renewal period. Rent expense was \$2.0 million and \$1.9 million for the six months ended June 30, 2026 and June 30, 2025, respectively. Rent expense was \$1.0 million and \$0.9 million for the three months ended June 30, 2026 and June 30, 2025, respectively.

11. Income Taxes

Income tax expenses were \$16.9 million and \$13.8 million in the six months ended June 30, 2026 and June 30, 2025, respectively. Income tax expenses were \$15.7 million and \$12.6 million in the three months ended June 30, 2026 and June 30, 2025, respectively. The effective tax rate was 28.8% and 25.7% for the six months ended June 30, 2026 and June 30, 2025, respectively. The effective tax rate was 28.4% and 26.4% for the three months ended June 30, 2026 and June 30, 2025, respectively. The increase in the effective tax rate was primarily driven by the section 162(m) limitation on the deductibility of certain employee compensation that has a disproportionate impact on the quarterly tax rate.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our condensed consolidated financial statements and the related notes included elsewhere in this Quarterly Report on Form 10-Q for the three months ended June 30, 2026 ("Form 10-Q") and our Annual Report on Form 10-K for the year ended December 31, 2025. This Form 10-Q contains forward-looking statements that involve risks and uncertainties, as well as assumptions that, if they do not fully materialize or are proven incorrect, could cause our business and results of operations to differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements can generally be identified by the use of forward-looking terminology, including, but not limited to, "may," "could," "seek," "guidance," "predict," "potential," "likely," "believe," "will," "expect," "anticipate," "estimate," "plan," "intend," "forecast," or variations of these terms and similar expressions, or the negative of these terms or similar expressions. Past performance is not a guarantee of future results or returns and no representation or warranty is made regarding future performance. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond our control that could cause our actual results, performance or achievements to be materially different from the expected results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, but are not limited to, the following:

- *Our ability to manage and maintain the growth rate of our business;*
- *Our ability to obtain quality merchandise in sufficient quantities;*
- *Challenges with the planning or implementation of our technology upgrades, including a new enterprise resource planning system;*
- *Disruption in our receiving and distribution system, including delays in the integration of our distribution centers and the possibility that we may not realize the anticipated benefits of multiple distribution centers;*
- *Effects of new or proposed tariffs and changes to international trade policies and agreements;*
- *The possibility of cyberattacks and our ability to maintain adequate cybersecurity systems and procedures;*
- *Loss, corruption and misappropriation of data and information relating to clients and employees;*
- *Changes in and compliance with applicable data privacy rules and regulations;*
- *Risks as a result of constraints in our supply chain or disruptions due to geopolitical events such as acts of war and/or terrorism or other hostilities;*
- *A failure of our vendors to meet our quality standards;*
- *Declines in general economic conditions that affect consumer confidence and consumer spending that could adversely affect our revenue;*
- *Our ability to anticipate changes in consumer preferences;*
- *Risks related to maintaining and increasing Showroom traffic and sales;*
- *Our ability to compete in our market;*
- *Our ability to adequately protect our intellectual property;*
- *Compliance with applicable governmental regulations;*
- *Effectively managing our eCommerce sales channel and digital marketing efforts;*
- *Our reliance on third-party transportation carriers and risks associated with freight and transportation costs; and*
- *Compliance with SEC rules and regulations as a public reporting company.*

The risks, uncertainties and assumptions referred to above that could cause our results to differ materially from the results expressed or implied by such forward-looking statements include, but are not limited to, those discussed under Item 1A. Risk Factors, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2025. All forward-looking statements included in this document are based on information available to us as of the date hereof, and we assume no obligation to update these forward-looking statements. These statements are based on information available to us as of the date of this Form 10-Q. While we believe that information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. These statements are inherently uncertain, and investors are cautioned not to unduly rely on these statements.

The following discussion contains references to the three months ended June 30, 2026 and June 30, 2025, which represents the condensed consolidated financial results of Arhaus, Inc. and subsidiaries for the three months ended June 30, 2026 and June 30, 2025, respectively.

Overview

Founded in 1986 by John Reed, our CEO, and his father, Arhaus is a premium home furnishings brand built on a simple idea: furniture and décor should be responsibly sourced, lovingly made, and built to last. We operate a vertically integrated model, designing and sourcing products directly from skilled artisans and carefully selected manufacturing vendors around the world, including domestic upholstery production at our own North Carolina manufacturing facility. This approach enables us to offer a highly exclusive and customizable assortment of heirloom-quality furniture and décor designed to be used and enjoyed for generations. Design is at the core of everything Arhaus does. With more than 100 Showroom locations across the United States, our integrated omni-channel model connects every client touchpoint, from Showroom and interior design to eCommerce and catalog, allowing us to meet clients wherever and however they choose to shop while delivering a highly personalized client-first experience from discovery through delivery.

Our vertically integrated model, inclusive of design and product development teams, upholstery manufacturing capabilities, direct vendor sourcing, direct-to-consumer and direct-to-trade selling, allows Arhaus to maintain greater control over product quality, design integrity, and value. We offer merchandise across a broad range of categories, including furniture, outdoor, bath, lighting, textiles and décor. Our curated assortments are presented across our sales channels in sophisticated, family-friendly and lifestyle-oriented settings.

Based on third-party reports, publicly available data, and our internal research, we believe the United States premium home furnishings market is approximately \$100 billion. This highly fragmented market is served by a large number of independent retailers, which we believe provides us a meaningful opportunity to increase market share over time. We believe that we are well positioned to grow market share through our differentiated brand positioning, scale, and strong resonance with affluent clients who value quality, craftsmanship, and design.

Products are designed for use throughout the home and are sourced directly from a global network of nearly 400 vendors. Through close collaboration with Arhaus product development teams and sourcing relationships, and supported by our vertically integrated model, we believe we are able to deliver high-quality products at a compelling value.

Arhaus strives to deliver a welcoming and inspirational experience across both Showrooms and eCommerce, guided by our belief that retail is theater. Showrooms are immersive, design-forward spaces that serve as an important driver of brand awareness and client engagement, while our eCommerce channel functions as a seamless extension of the physical Showroom experience. Our experienced design consultants and interior designers provide expert guidance and personalized service, supporting clients throughout their shopping journey.

The table below represents the composition of our Showrooms by format and operating footprint as of each period presented:

	June 30, 2026	December 31, 2025
Traditional Showrooms	91	90
Design Studios	9	9
Lofts	9	8
Total Showrooms	109	107
Total gross square footage (in thousands)	1,897	1,836
Showrooms with interior designers	97	97
Total interior designers	152	142
States where we operate	31	31

For the six months ended June 30, 2026, we generated \$699.2 million of net revenue, \$286.5 million of gross margin and \$41.9 million of net and comprehensive income. For the three months ended June 30, 2026, we generated \$384.9 million of net revenue, \$172.1 million of gross margin, and \$39.6 million of net and comprehensive income.

How We Assess the Performance of Our Business

In addition to U.S. GAAP results, this Form 10-Q contains references to the non-GAAP financial measures below. We use these non-GAAP measures to help assess the performance of our business, identify trends affecting our business, formulate

business plans and make strategic decisions. In addition to our results determined in accordance with U.S. GAAP, we believe that providing these non-GAAP financial measures is useful to our investors as they present an informative supplemental view of our results from period-to-period by removing the effect of non-recurring items.

The non-GAAP financial measures presented herein are specific to us and may not be comparable to similar measures disclosed by other companies because of differing methods used by other companies in calculating them. These measures are also not intended to be measures of free cash flow for management's discretionary use, as they do not reflect tax payments, debt service requirements and certain other cash costs that may recur in the future, including, among other things, cash requirements for working capital needs. Management compensates for these limitations by relying on our U.S. GAAP results in addition to using these non-GAAP financial measures. The non-GAAP financial measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. We consider the following financial and operating measures that affect our results of operations:

Net Revenue and Written Sales (Formerly "Demand"). Net revenue is recognized when a client obtains control of the merchandise. We also track written sales in our business which is a key performance indicator linked to the level of client orders placed. Written sales is an operating metric that we use to measure the dollar value of orders (based on purchase price) at the time the order is placed, net of the dollar value of cancellations and returns (based on unpaid purchase price and amount credited to client). These orders are recognized as net revenue when a client obtains control of the merchandise. Because written sales is measured net of cancellations, all written sales will eventually become net revenue, with appropriate reserves, when delivered to the client.

Comparable Delivered Sales (Formerly "Comparable Growth"). Comparable Delivered Sales is the year-over-year percentage change of the dollar value of orders delivered (based on purchase price), net of the dollar value of returns (based on amount credited to client), from comparable Showrooms and eCommerce, including through our catalogs and other mailings. This metric is a key performance indicator used by management to evaluate Showroom performance for locations that have been opened for at least 15 consecutive months, which enables management to view the performance of those Showrooms without the dollar value of orders delivered for new Showrooms being included. Comparable Showrooms are defined as permanent Showrooms open for at least 15 consecutive months, including relocations in the same market. Showrooms record written sales immediately upon opening, while orders delivered take additional time because product must be delivered to the client. The dollar value of orders delivered for Loft comparable locations is included.

Comparable Delivered Sales provides management insight into business performance for a particular period by comparing the dollar value of orders delivered (based on purchase price) in a period compared to the prior comparable period. Since delivery generally coincides with recognition of net revenue, with appropriate reserves, Comparable Delivered Sales trends will more closely track trends in reported net revenue than Comparable Written Sales.

Comparable Written Sales (Formerly "Demand Comparable Growth"). Comparable Written Sales is the year-over-year percentage change in written sales from our comparable Showrooms and eCommerce, including through our catalogs and other mailings. This metric is a key performance indicator used by management to evaluate Showroom performance for locations that have been opened for at least 13 consecutive months, which enables management to view the performance of those Showrooms without new Showroom written sales. For Comparable Written Sales, comparable Showrooms are defined as permanent Showrooms open for at least 13 consecutive months, including relocations in the same market. The dollar value of orders written for Loft comparable locations is included.

Comparable Written Sales provides insight into business performance in a particular period by comparing the dollar value of orders (based on purchase price) placed in that period to the prior comparable period. Although these orders do not result in net revenue until the order is delivered at a later point in time, management utilizes this metric to evaluate core performance. While the underlying written sales that support this metric will generally translate into delivered sales over time, the Comparable Written Sales and Comparable Delivered Sales measures may not correlate in any specific period partially due the lag effects in both the numerator and denominator that occur between order placement and delivery, which tend to vary based on natural variations in the supply chain. Notwithstanding these limitations, management considers it useful to evaluate both measures together to assess overall performance trends and believes investors may find them useful when reviewed alongside reported results and other key metrics.

Gross Margin. Gross margin is equal to our net revenue less cost of goods sold. Cost of goods sold includes the direct cost of purchased merchandise, inventory reserves, inbound freight, all freight costs to get merchandise to our Showrooms, credit card fees, design, buying and allocation costs, our supply chain, such as product development and sourcing, occupancy costs related to Showroom operations, such as rent and common area maintenance for our leases, depreciation and amortization of leasehold improvements, equipment and other assets in our Showrooms. In addition, cost of goods sold

includes all logistics costs associated with shipping product to our clients, partially offset by delivery fees collected from clients (recorded in net revenue on the condensed consolidated statements of comprehensive income).

Selling, General and Administrative Expenses. Selling, general and administrative (“SG&A”) expenses include all operating costs not included in cost of goods sold. These expenses include payroll and payroll related expenses, Showroom expenses other than occupancy and expenses related to many of our operations at our distribution centers and corporate headquarters, including marketing, information technology, legal, human resources, utilities and depreciation and amortization expense. Payroll includes both fixed compensation and variable compensation. Variable compensation includes Showroom commissions and Showroom bonus compensation related to written sales, likely before the client obtains control of the merchandise. Variable compensation is not significant in our eCommerce sales channel. All new Showroom opening expenses, other than occupancy, are included in SG&A expenses and are expensed as incurred. We expect certain of these expenses to continue to increase as we open new Showrooms, develop new product categories and otherwise pursue our current business initiatives. SG&A expenses as a percentage of net revenue are usually higher in lower-volume quarters and lower in higher-volume quarters because a significant portion of the costs are fixed.

EBITDA. We define EBITDA as consolidated net income before depreciation and amortization, interest income, net and income tax expense.

Adjusted EBITDA. We believe that adjusted EBITDA is a useful measure of operating performance as the adjustments eliminate items that we believe are not reflective of underlying operating performance in a particular period. Adjusted EBITDA facilitates a comparison of our operating performance on a consistent basis from period-to-period and provides for a more complete understanding of factors and trends affecting our business. Because adjusted EBITDA omits certain non-cash items and items that we believe are not reflective of underlying operating performance in a particular period, we feel that it is less susceptible to variances in actual performance resulting from depreciation, amortization and other non-cash charges and can be more reflective of our operating performance in a particular period. We also use adjusted EBITDA as a method for planning and forecasting overall expected performance and for evaluating, on a quarterly and annual basis, actual results against such expectations.

The following is a reconciliation of our net and comprehensive income to EBITDA and adjusted EBITDA for the periods presented (in thousands):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Net and comprehensive income	\$ 41,869	\$ 39,948	\$ 39,646	\$ 35,066
Interest income, net	(1,518)	(1,317)	(1,064)	(744)
Income tax expense	16,943	13,791	15,729	12,593
Depreciation and amortization	25,114	22,959	12,744	11,597
EBITDA	82,408	75,381	67,055	58,512
Equity based compensation	6,058	3,390	3,413	1,795
Other expenses ⁽¹⁾	—	108	—	—
Adjusted EBITDA	\$ 88,466	\$ 78,879	\$ 70,468	\$ 60,307

⁽¹⁾Other expenses represent costs and investments not indicative of ongoing business performance, such as loss on disposal of assets.

Free Cash Flow. We define Free Cash Flow as net cash provided by operating activities less net cash used in investing activities. We believe that Free Cash Flow is a useful measure that is helpful in understanding the strength of our liquidity and how our business generates cash. Management uses Free Cash Flow to evaluate our overall liquidity needs and determine appropriate capital allocation strategies. Free Cash Flow should not be considered in isolation or as an alternative to net cash from operating activities calculated in accordance with U.S. GAAP and should be viewed together with our other U.S. GAAP results.

Factors Affecting the Comparability of our Results of Operations

Our results over the past two years have been affected by the following events, which must be understood in order to assess the comparability of our period-to-period financial performance and condition.

Tariffs

In February 2026, the U.S. Supreme Court issued a ruling invalidating certain tariffs previously imposed under the IEEPA. Subsequently, the U.S. Court of International Trade ruled that tariffs paid under the IEEPA must be refunded in accordance with the law. As a result, the U.S. Customs and Border Protection Agency launched a special tariff refund program to facilitate such refunds.

The Company has requested refunds of \$37.8 million for IEEPA tariffs previously paid and believes recovery is probable. As of June 30, 2026, the Company recognized a receivable of \$32.7 million, which is included in prepaid and other current assets within the condensed consolidated balance sheets. As of June 30, 2026, the Company received \$5.1 million in cash for the refunds.

During the six and three months ended June 30, 2026, the Company recognized a benefit of \$23.8 million for the recovery of IEEPA tariffs paid, of which \$15.5 million related to inventory sold prior to April 2026 and \$8.3 million related to inventory sold during the quarter, in cost of goods sold within the condensed consolidated statements of comprehensive income.

As of June 30, 2026, the Company recorded \$14.0 million primarily related to the reductions in inventory costs in merchandise inventory, net within the condensed consolidated balance sheets.

As of August 6, 2026, the Company has received \$37.8 million in tariff refunds and \$1.3 million in interest.

Showroom Openings and Closings

New Showrooms contribute incremental expense, new Showroom opening expense and net revenue to the Company. Our recent Showroom growth from January 1, 2025 to June 30, 2026 is summarized in the following table:

	June 30, 2026	December 31, 2025
Showrooms open at beginning of period	107	103
Showrooms opened ⁽¹⁾	3	12
Showrooms closed for relocations	(1)	(7)
Showrooms closed permanently	—	(1)
Showrooms open at end of period	109	107

⁽¹⁾ Showrooms opened during the respective periods includes both new and relocated Showrooms.

Results of Operations

The following tables summarize key components of our results of operations for the periods indicated and should be read together with our condensed consolidated financial statements and related notes.

Condensed Consolidated Statements of Comprehensive Income Data (in thousands):

	Six months ended June 30,		Three months ended June 30,	
	2026	2025	2026	2025
Net revenue	\$ 699,173	\$ 669,807	\$ 384,897	\$ 358,435
Cost of goods sold	412,665	405,993	212,824	210,208
Gross margin	286,508	263,814	172,073	148,227
Selling, general and administrative expenses	230,002	211,520	117,807	101,462
Loss on disposal of assets	104	108	—	—
Income from operations	\$ 56,402	\$ 52,186	\$ 54,266	\$ 46,765
Interest income, net	(1,518)	(1,317)	(1,064)	(744)
Other income	(892)	(236)	(45)	(150)
Income before taxes	58,812	53,739	55,375	47,659

Total Showrooms at end of period	109	103	109	103

⁽¹⁾ See “How We Assess the Performance of Our Business,” for a definition of adjusted EBITDA and a reconciliation of adjusted EBITDA to net and comprehensive income.

Comparison of the six months ended June 30, 2026 and June 30, 2025
Net Revenue

Net revenue increased \$29.4 million, or 4.4%, to \$699.2 million in the six months ended June 30, 2026 compared to \$669.8 million in the six months ended June 30, 2025. The increase was driven primarily by \$20.2 million of revenue growth related to new Showrooms opened in 2026 and 2025, with the remainder due to increased demand for our products.

Gross Margin

Gross margin increased \$22.7 million, or 8.6%, to \$286.5 million in the six months ended June 30, 2026 compared to \$263.8 million in the six months ended June 30, 2025. The increase was primarily driven by higher net revenue and the benefit related to recoveries of IEEPA tariffs of \$23.8 million, partially offset by increased product costs of \$20.5 million, higher Showroom occupancy costs of \$5.3 million, higher fuel costs of \$3.9 million, and higher credit card fees of \$1.6 million.

As a percentage of net revenue, gross margin increased 160 basis points to 41.0% of net revenue in the six months ended June 30, 2026 compared to 39.4% of net revenue in the six months ended June 30, 2025. The gross margin increase was primarily driven by the benefit related to recoveries of IEEPA tariffs, which contributed 340 basis points, partially offset by higher product costs, which increased by 140 basis points, higher fuel costs, which increased by 50 basis points, Showroom occupancy costs, which increased by 40 basis points, and credit card fees, which increased by 10 basis points.

Selling, General and Administrative Expenses

SG&A expenses increased \$18.5 million, or 8.7%, to \$230.0 million in the six months ended June 30, 2026 compared to \$211.5 million in the six months ended June 30, 2025. The increase was primarily due to a \$10.3 million increase in general and administrative costs related to strategic investments to support and drive the growth of the business, including technology improvements, and other corporate expenses and a \$8.2 million increase in selling expenses primarily related to new Showrooms and increased demand for our products.

As a percentage of net revenue, SG&A expenses increased 130 basis points to 32.9% of net revenue in the six months ended June 30, 2026 compared to 31.6% of net revenue in the six months ended June 30, 2025.

Interest Income, net

Interest income, net increased to \$1.5 million, of which \$1.0 million related to interest earned on IEEPA refunds, in the six months ended June 30, 2026 compared to \$1.3 million in the six months ended June 30, 2025.

Income Taxes

Income tax expense was \$16.9 million in the six months ended June 30, 2026 compared to \$13.8 million in the six months ended June 30, 2025. Our effective tax rate was 28.8% and 25.7% for the six months ended June 30, 2026 and June 30, 2025, respectively. The increase in the effective tax rate was primarily driven by the section 162(m) limitation on the deductibility of certain employee compensation that has a disproportionate impact on the quarterly tax rate.

Net and Comprehensive Income

Net and comprehensive income increased \$2.0 million to \$41.9 million in the six months ended June 30, 2026 compared to \$39.9 million in the six months ended June 30, 2025. The increase was driven by the factors described above.

Comparison of the three months ended June 30, 2026 and June 30, 2025

Net Revenue

Net revenue increased \$26.5 million, or 7.4%, to \$384.9 million in the three months ended June 30, 2026 compared to \$358.4 million in the three months ended June 30, 2025. The increase was driven primarily by increased demand for our products and \$10.7 million of revenue growth related to new Showrooms opened in 2026 and 2025.

Gross Margin

Gross margin increased \$23.9 million, or 16.1%, to \$172.1 million in the three months ended June 30, 2026 compared to \$148.2 million in the three months ended June 30, 2025. The increase was primarily due to higher net revenue, the benefit related to recoveries of IEEPA tariffs of \$23.8 million, partially offset by increased product costs of \$16.4 million, higher Showroom occupancy costs of \$3.8 million, and higher fuel costs of \$2.8 million.

As a percentage of net revenue, gross margin increased 330 basis points to 44.7% of net revenue in the three months ended June 30, 2026 compared to 41.4% of net revenue in the three months ended June 30, 2025. The gross margin increase as a percentage of net revenue was primarily driven by the benefit related to recoveries of IEEPA tariffs, which contributed 620 basis points, partially offset by higher product costs, which increased 190 basis points, higher fuel costs, which increased by 70 basis points, and Showroom occupancy costs, which increased 40 basis points.

Selling, General and Administrative Expenses

SG&A expenses increased \$16.3 million, or 16.1%, to \$117.8 million in the three months ended June 30, 2026 compared to \$101.5 million in the three months ended June 30, 2025. The increase was primarily due to an \$8.4 million increase in general and administrative costs, primarily related to strategic investments to support and drive the growth of the business,

including technology improvements, and other corporate expenses, and a \$7.9 million increase in selling expenses primarily related to new Showrooms and increased demand for our products.

As a percentage of net revenue, SG&A expenses increased 230 basis points to 30.6% of net revenue in the three months ended June 30, 2026 compared to 28.3% of net revenue in the three months ended June 30, 2025.

Interest Income, net

Interest income, net increased to \$1.1 million, of which \$1.0 million related to interest earned on IEEPA refunds, in the three months ended June 30, 2026 compared to \$0.7 million in the three months ended June 30, 2025.

Income Taxes

Income taxes were \$15.7 million in the three months ended June 30, 2026 compared to \$12.6 million in the three months ended June 30, 2025. Our effective tax rate was 28.4% and 26.4% for the three months ended June 30, 2026 and June 30, 2025, respectively.

Net and Comprehensive Income

Net and comprehensive income increased \$4.5 million to \$39.6 million in the three months ended June 30, 2026 compared to \$35.1 million in the three months ended June 30, 2025. The increase was driven by the factors described above.

Liquidity and Capital Resources

Liquidity Outlook

Our primary cash needs have historically been for merchandise inventories, payroll, marketing, Showroom rent, capital expenditures associated with opening new Showrooms and renovating existing Showrooms, as well as the development of our infrastructure and information technology. We seek out and evaluate opportunities for effectively managing and deploying capital in ways that improve working capital and support and enhance our business initiatives and strategies. As of June 30, 2026, we had cash and cash equivalents of \$226.4 million.

Our principal sources of liquidity are primarily cash flows from operations. We believe our operating cash flows will be sufficient to meet working capital requirements and fulfill other capital needs for at least the next 12 months, although we may enter into borrowing arrangements in the future.

While we do not require debt to fund our operations, our goal continues to be to position the Company to take advantage of the many opportunities that we may identify in connection with our business and operations. We have pursued in the past, and may pursue in the future, additional strategies to generate capital to pursue opportunities and investments, including new debt financing arrangements. In addition to funding the normal operations of our business, we have used our liquidity to fund investments and strategies related to growth initiatives, including supply chain and technology improvements. Our needs and uses of capital may change in the future due to changes in our business or new opportunities that we choose to pursue. As of June 30, 2026, we have no material off-balance sheet arrangements.

On February 29, 2024, the Board of Directors of the Company declared a special cash dividend on the Company's Class A and Class B common stock of \$0.50 per share, payable April 4, 2024, to shareholders of record at the close of business on March 21, 2024. The Company paid \$0.1 million and \$0.3 million of the aforementioned special cash dividend on its Class A common stock related to dividend equivalents on equity awards that vested during the six months ended June 30, 2026 and June 30, 2025, respectively.

On February 17, 2026, the Board of Directors of the Company declared a special cash dividend on the Company's Class A and Class B common stock of \$0.35 per share, payable March 31, 2026, to shareholders of record at the close of business on March 18, 2026. The Company paid \$49.5 million of the aforementioned dividend on its Class A and Class B common stock to shareholders as of the Record Date during the six months ended June 30, 2026.

We have begun a multi-year transformation that will replace certain of our existing systems with a modern and integrated platform encompassing a new enterprise resource planning system ("ERP"), an order management system, a transportation management system and a point of sale system. The total incremental investment in connection with these technology upgrades is expected to be approximately \$50 million, including implementation and project staffing costs as well as licensing fees through 2030. Cash outflows were approximately \$5 million during the six months ended June 30, 2026, and

we anticipate approximately \$20 million in 2026 and \$12 million in 2027, with cash outflows tapering in early 2028 as we transition to annual licensing and maintenance costs of approximately \$6 million per year through 2030.

Credit Facility

In November 2021, the Company entered into a revolving credit facility (the “2021 Credit Facility”). The 2021 Credit Facility provides for, among other things, (1) a revolving credit facility in an aggregate amount not to exceed at any time outstanding the amount of such lender’s commitment, (2) a letter of credit commitment in an amount equal to the lesser of (a) \$10.0 million, and (b) the amount of the revolving credit facility as of such date, and (3) a swingline loan in an amount equal to the lesser of (a) \$5.0 million, and (b) the amount of the revolving credit facility as of such date. The aggregate amount of all commitments of all lenders under the 2021 Credit Facility was initially \$50.0 million. The 2021 Credit Facility contains restrictive covenants and has certain financial covenants, including a maximum rent-adjusted total leverage ratio and a minimum fixed charge ratio. The 2021 Credit Facility initially bore variable interest rates at the prevailing Bloomberg Short-Term Bank Yield index rate plus the applicable margin, whereas the applicable margin is adjusted quarterly based on the Company’s consolidated rent-adjusted total leverage ratio.

In December 2022, the Company amended the 2021 Credit Facility to increase the revolving credit commitment thereunder by \$25.0 million. After giving effect to such increase, the aggregate amount of all commitments under the 2021 Credit Facility was \$75.0 million.

In August 2024, the Company amended the 2021 Credit Facility to adjust the index rate from the Bloomberg Short-Term Bank Yield Index to Term Secured Overnight Financing Rate. The 2021 Credit Facility bears variable interest rates at the prevailing Term Secured Overnight Financing Rate plus the applicable margin (1.75% at June 30, 2025).

In May 2025, the Company issued an irrevocable standby letter of credit under the 2021 Credit Facility in the amount of \$5.1 million in connection with a lease, which remained outstanding at June 30, 2026.

In October 2025, the Company entered into the Third Amendment to Credit Agreement and Amendment to Security and Pledge Agreement (the “Amendment”). The Amendment further amends the 2021 Credit Facility to, among other things, (1) extend the maturity date of the revolving credit facility from November 8, 2026 to October 17, 2030, and (2) increase the letter of credit commitment to an amount equal to the lesser of (a) \$15 million, and (b) the amount of the revolving credit facility as of such date. After giving effect to the Amendment, the aggregate amount of revolving credit commitments under the Credit Agreement remains \$75 million. The Company has the option to increase the revolving credit commitment thereunder by an additional \$25 million. In connection with the Amendment, the Company has incurred approximately \$0.2 million in debt issuance costs. The 2021 Credit Facility bears variable interest rates at the prevailing Term Secured Overnight Financing Rate plus the applicable margin (1.75% at June 30, 2026). At June 30, 2026 and December 31, 2025, we had no borrowings on the 2021 Credit Facility and the available borrowing capacity was \$69.9 million and \$69.9 million, respectively.

Refer to Note 4 — *Debt* to our condensed consolidated financial statements for further information on our 2021 Credit Facility.

Cash Flow Analysis

The following table provides a summary of our cash provided by operating, investing and financing activities (amounts in thousands):

	Six months ended	
	June 30,	
	2026	2025
Net cash provided by operating activities	\$ 59,784	\$ 81,428
Net cash used in investing activities	(36,900)	(41,622)
Net cash used in financing activities	(51,679)	(2,316)
Net (decrease) increase in cash, cash equivalents and restricted cash	\$ (28,795)	\$ 37,490

Net cash provided by operating activities

Comparison of the six months ended June 30, 2026 and June 30, 2025

Operating activities consist primarily of net income adjusted for non-cash items including depreciation and amortization, operating lease amortization, deferred income taxes, equity based compensation and the effect of changes in working capital and other activities.

For the six months ended June 30, 2026, net cash provided by operating activities was \$59.8 million and consisted of net income of \$41.9 million adjusted for non-cash items of \$76.6 million, which were partially offset by a decrease in working capital and other activities of \$58.7 million. The use of cash from working capital was primarily driven by an increase in prepaid and other current assets of \$38.2 million primarily due to the IEEPA tariff receivable, a decrease in operating lease liabilities of \$35.2 million primarily due to payments made under the related lease agreements, an increase in merchandise inventory of \$14.7 million, and a decrease in accounts payable \$8.3 million, which was partially offset by an increase in client deposits of \$27.8 million and a increase in accrued expenses of \$8.1 million in the six months ended June 30, 2026.

For the six months ended June 30, 2025, net cash provided by operating activities was \$81.4 million and consisted of net income of \$39.9 million adjusted for non-cash items of \$60.3 million, which were partially offset by a change in working capital and other activities of \$18.8 million. The use of cash from working capital was primarily driven by a decrease in operating lease liabilities of \$28.0 million primarily due to payments made under the related lease agreements and an increase in merchandise inventory of \$14.1 million, which was partially offset by an increase in client deposits of \$12.2 million, an increase in accrued expenses of \$4.7 million, a decrease in prepaid and other assets of \$4.4 million and an increase in accounts payable of \$1.8 million in the six months ended June 30, 2025.

Net cash used in investing activities

Comparison of the six months ended June 30, 2026 and June 30, 2025

Investing activities consist primarily of capital expenditures related to investments in Showrooms, vehicles, information technology and systems infrastructure, as well as supply chain investments.

For the six months ended June 30, 2026, net cash used in investing activities was \$36.9 million primarily due to investments in Showrooms, investments in our supply chain, and information technology and systems infrastructure, which was partially offset by insurance proceeds for property, furniture, and equipment.

For the six months ended June 30, 2025, net cash used in investing activities was \$41.6 million primarily due to investments in Showrooms, vehicles, investments in our supply chain, and information technology and systems infrastructure.

Capital Expenditures

Historically, we have invested significant capital expenditures in opening new Showrooms. These capital expenditures have increased in the past and may continue to increase in future periods as we open additional Showrooms. Our capital expenditures include expenditures related to investing activities and outflows of capital related to construction activities to design and build leasehold improvement assets. Certain lease arrangements require the landlord to fund a portion of the construction related costs through tenant improvement allowance payments directly to us. New Showrooms may require different levels of company-funded capital investment in the future.

Historical capital expenditures are summarized as follows (amounts in thousands):

	Six months ended June 30,	
	2026	2025
Net cash used in investing activities	\$ 36,900	\$ 41,622
Less: Landlord contributions	7,859	11,149
Total capital expenditures, net of landlord contributions	\$ 29,041	\$ 30,473

Total capital expenditures, net of landlord contributions decreased by \$1.4 million in the six months ended June 30, 2026 compared to the six months ended June 30, 2025.

We anticipate our total capital expenditures, net of landlord contributions to be between \$70 million and \$90 million in fiscal year 2026, primarily related to new Showrooms and information technology and systems infrastructure.

Net cash used in financing activities

Comparison of the six months ended June 30, 2026 and June 30, 2025

For the six months ended June 30, 2026, net cash used in financing activities was \$51.7 million primarily due to the payment of the special dividend on our Class A and Class B common stock.

For the six months ended June 30, 2025, net cash used in financing activities was \$2.3 million primarily due to the repurchase of shares for payment of withholding taxes for equity based compensation. These shares were not repurchased in connection with any publicly announced share repurchase programs.

Critical Accounting Policies and Estimates

Accounting policies and estimates are considered critical when they require management to make subjective and complex judgments, estimates and assumptions about matters that have a material impact on the presentation of our financial statements and accompanying notes. For a description of our critical accounting policies and estimates, see Part II, Item 7 “Management’s Discussion and Analysis of Financial Condition and Results of Operations — Critical Accounting Policies and Estimates” in our Annual Report on Form 10-K for the year ended December 31, 2025.

Recent Accounting Pronouncements

See Note 2 — *Recently Issued Accounting Standards* to our condensed consolidated financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks, which include changes in United States interest rates, foreign currency exchange rate fluctuations and the effects of economic uncertainty, which may affect the prices we pay our vendors in the foreign countries in which we do business. We do not engage in financial transactions for trading or speculative purposes.

Foreign Currency Exchange Risk

We believe foreign currency exchange rate fluctuations do not contain significant market risk to us due to the nature of our relationships with our vendors outside of the United States. We purchase the majority of our inventory from vendors outside of the United States in transactions that are primarily denominated in U.S. dollars and, as such, any foreign currency impact related to these international purchase transactions was not significant to us for the six and three months ended June 30, 2026 and June 30, 2025, respectively. However, since we pay for the majority of our international purchases in U.S. dollars, a decline in the U.S. dollar relative to other foreign currencies would subject us to risks associated with increased purchasing costs from our vendors. We cannot predict with certainty the effect these increased costs may have on our financial statements or results of operations. We currently do not use derivative instruments to manage this risk.

Interest Rate Risk

We are primarily exposed to interest rate risk with respect to borrowing under our 2021 Credit Facility. Except for the \$5.1 million irrevocable standby letter of credit issued in May 2025 as discussed in Note 4 — *Debt* to our condensed consolidated financial statements, we have no borrowings under the 2021 Credit Facility as of June 30, 2026. Based on the interest rate in the 2021 Credit Facility and to the extent borrowings were outstanding, we do not believe a 100 basis point change in interest rates would have a material impact on our financial condition or results of operations for the periods presented. We currently do not use derivative instruments to manage this risk.

Impact of Inflation

Inflation generally affects us by increasing our cost of labor, material, transportation, and our general costs. We have historically been able to recover these cost increases through price increases. However, we cannot reasonably estimate our

ability to successfully recover any impact of inflation through price increases in the future. We currently do not use derivative instruments to manage this risk.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Management, with the participation of our CEO and Chief Financial Officer (“CFO”), evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (“Exchange Act”)) as of June 30, 2026. Based upon that evaluation as of June 30, 2026, our CEO and CFO have concluded that our disclosure controls and procedures were not effective at the reasonable assurance level because of the material weaknesses in our internal control over financial reporting described below.

Despite these material weaknesses, our CEO and CFO concluded the financial statements were prepared in accordance with U.S. GAAP.

Material Weaknesses in Internal Control Over Financial Reporting

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting (“ICFR”), such that there is a reasonable possibility that a material misstatement of a company’s annual or interim financial statements will not be prevented or detected on a timely basis. We identified the following material weaknesses in our ICFR.

- We did not design and maintain an effective control environment due to a lack of an appropriate level of experience and training related to internal control over financial reporting. Additionally, the lack of experience and training resulted in an inability to consistently establish appropriate authorities and responsibilities in pursuit of our financial reporting objectives, as demonstrated by, amongst other things, insufficient segregation of duties across our significant business processes. This material weakness contributed to the following additional material weakness.
- We did not design and maintain sufficient accounting policies, procedures and controls, or maintain adequate documentary evidence of existing control activities over significant accounts and disclosures to achieve complete, accurate and timely financial accounting, reporting and disclosures, including adequate controls over the period-end financial reporting process and the preparation and review of journal entries, including assessing the reliability of reports and spreadsheets used in controls.

These material weaknesses resulted in a restatement of our previously issued annual consolidated financial statements as of and for the years ended December 31, 2020 and 2019 principally related to selling, general and administrative expenses and other long-term liabilities, and misclassifications in the balance sheets and statements of comprehensive income. These material weaknesses also resulted in immaterial adjustments recorded prior to the issuance of the consolidated financial statements as of and for the year ended December 31, 2021 principally related to property, furniture and equipment, net; selling, general and administrative expenses and misclassifications in the balance sheet and statement of cash flows.

In preparation of the December 31, 2023 consolidated financial statements and in preparation of the March 31, 2024 condensed consolidated financial statements, these material weaknesses resulted in restatements as of and for the interim period ended September 30, 2023 and revisions as of and for the annual periods ended December 31, 2023, 2022 and 2021, and as of and for the interim periods ended June 30, 2023, March 31, 2023, December 31, 2022, September 30, 2022, June 30, 2022 and March 31, 2022, principally related to prepaid and other current assets, property, furniture and equipment, net and operating lease liabilities, which resulted in misclassifications in the balance sheets and statements of cash flows and the timely recording of liabilities, operating right-of-use assets and operating lease liabilities. There were also immaterial misstatements. Additionally, each of the material weaknesses could result in misstatements to substantially all of our accounts or disclosures, that would result in a material misstatement to the annual or interim consolidated financial statements that would not be prevented or detected.

- Lastly, we did not design and maintain effective controls over information technology (“IT”) general controls for information systems that are relevant to the preparation of our financial statements. Specifically, we did not design and maintain: (i) program change management controls for financial systems to ensure that information technology program and data changes affecting financial applications and underlying accounting records are identified, tested, authorized and implemented appropriately; (ii) user access controls to ensure appropriate segregation of duties and that adequately restrict user and privileged access to financial applications, programs, and data to appropriate Company personnel; (iii) computer operations controls to ensure that critical batch jobs are

monitored and data backups are authorized and monitored; and (iv) testing and approval controls for program development to ensure that new software development is aligned with business and IT requirements.

These IT deficiencies did not result in material adjustments to our consolidated financial statements, however, the deficiencies, when aggregated, could impact maintaining effective segregation of duties, as well as the effectiveness of IT-dependent controls (such as automated controls that address the risk of material misstatement to one or more assertions, along with the IT controls and underlying data that support the effectiveness of system-generated data and reports) that could result in misstatements potentially impacting all financial statement accounts and disclosures that would not be prevented or detected. Accordingly, management has determined these IT deficiencies in the aggregate constitute a material weakness.

Remediation Activities

As of June 30, 2026, the previously disclosed material weakness related to not designing and maintaining effective controls to address the identification of and accounting for certain non-routine or complex transactions, including the proper application of U.S. GAAP of such transactions was remediated through the following:

- Hired and retained personnel with the knowledge and experience to identify and account for non-routine or complex transactions, including the proper application of U.S. GAAP to such transactions.
- Enhanced company policies related to review of significant contracts prior to execution for critical accounting terms.
- Enhanced controls over non-routine or complex transactions to ensure a complete and accurate population of transactions to validate proper application of U.S. GAAP for such transactions.

With the oversight of senior management and our Audit Committee, we continue to assess, implement and redesign our ICFR. Although the material weaknesses existing as of June 30, 2026 cannot be considered remediated until the related controls have operated effectively for a sufficient period of time and have been tested, we have made meaningful progress and continue to execute our remediation plan, including:

- Established a cross functional taskforce of senior leaders with expertise in designing and implementing internal controls to oversee remediation activities. The taskforce is responsible for the oversight of our remediation plan including development of actions plans for individual control deficiencies.
- Established regular meetings between senior management and members of the Audit Committee to discuss and report on remediation progress and objectives. Additionally, progress updates are regularly provided to the Board of Directors.
- Outsourced our internal audit department to a third-party service firm and transitioned our former internal audit department to our business process improvement function, which is assisting with control design, implementation, and remediation execution.
- Evaluated and enhanced the accounting organization by assessing personnel competency and capacity, hired additional qualified technical accounting, financial reporting, and lease accounting experts (including senior level leaders), and strengthened training, oversight, and the internal review processes to ensure the team possesses the appropriate knowledge and experience to design, execute, and oversee ICFR related activities.
- Assessed and continue to evaluate the IT function to ensure that it is adequately staffed with personnel possessing the necessary ICFR related knowledge and competencies. Significant personnel additions have been made within our IT department and across the organization, including executive and senior level hires.
- Hired and continue to hire additional personnel to enhance the segregation of duties in the IT department, particularly between IT development and IT operations.
- A multi-year company-wide initiative has begun to modernize the Company's IT infrastructure to be capable of streamlining many of our manual financial reporting processes, enhancing our information technology control environment and mitigating the underlying internal control gaps and limitations that cannot be remediated within current systems.
- Conducting and continuing to conduct trainings for control owners and performers on key ICFR topics including, but not limited to:
 - user access review completion;
 - review and conclusions around Systems and Organization Control I ("SOC1") reports;
 - software used in accounting;
 - validation of the system generated data used in the execution of a control;
 - account reconciliation formats and required support;

- journal entry review and support; and
 - maintaining evidence of control support.
- Enhanced communications to employees regarding our internal control environment and related expectations. We continue to take steps to ensure personnel both existing and newly hired are adequately trained with the appropriate level of knowledge and understanding of ICFR and its importance.
- Updated our policies and procedures to establish and maintain effective segregation of duties for our accounting staff in relation to journal entries, reconciliations and other applicable processes. To supplement existing procedures, management implemented an account reconciliation software tool which increased the reliability around the monthly financial statement close procedures through utilization of period-end closing task checklists and standardized reconciliation processes.
- Designed and implemented formal processes, policies and procedures to support our financial close process, including but not limited to:
 - formalized procedures over the review of our financial statements;
 - implemented period-end closing task checklists; and
 - standardized reconciliation process.
- Management will continue to evaluate and refine its financial statement close process to enhance processes around the preparation and review of journal entries, including assessing the reliability of reports and spreadsheets used in controls. Enhanced the design of the control activities over the review of our consolidated balance sheet and statement of cash flows to help ensure that the classification of operating and investing activities is appropriately presented in the statement of cash flows.
- Designed and implemented policies and procedures, including but not limited to:
 - lease accounting;
 - revenue recognition;
 - inventory;
 - goodwill and other long-lived assets;
 - fixed assets and software capitalization;
 - merchandise warranties; and
 - income taxes.
- Continued to enhance the design and operation of user access control activities and procedures to help ensure access to IT applications and data is adequately restricted to appropriate personnel, including the implementation of user and privileged access reviews, password policy enforcement and user provisioning and deprovisioning.
- Continued designing and implementing additional program change management policies and procedures, control activities, and tools to help ensure that changes affecting key financial systems related to IT applications and underlying accounting records are identified, authorized, tested, and implemented appropriately.
- Designed and implemented a formal systems development lifecycle methodology and related program development controls to help ensure that significant IT change events are appropriately tested and approved. These controls will need to operate for a period of time and be tested for operating effectiveness.
- Continued to enhance the design and operation of control activities and procedures within the computer operations domain to help ensure that key batch jobs and interfaces are monitored, processing failures are adequately resolved, and recovery capability is tested.
- Continued to enhance data backup procedures to help ensure that systems are adequately backed up and maintained and recovery of data from backups is tested.
- Continued identifying, evaluating and began testing key IT dependencies including key reports, automated application controls, interfaces and end user computer operations.

Although we have developed and will continue to evaluate our plan, we are in the process of implementing internal controls to remediate the material weaknesses and believe, based on our evaluation to date, that the material weaknesses will be remediated as soon as is practicable, we cannot project a specific timeline on when the plan will be fully implemented. The material weaknesses will not be remediated until the necessary internal controls have been designed, implemented, tested and determined to be operating effectively. In addition, we may need to take additional measures to address the material weaknesses or modify the planned remediation steps, and we cannot be certain that the measures we have taken, and expect to take, to improve our internal controls will be sufficient to address the issues identified, to ensure that our internal controls are effective or to ensure that the identified material weaknesses will not result in a material misstatement of our consolidated financial statements. Moreover, we cannot provide assurance that we will not identify additional material weaknesses in our ICFR in the future. Until we remediate the material weaknesses, our ability to record, process and report financial information accurately, and to prepare our consolidated financial statements within the time periods specified by the rules and forms of the SEC, could be adversely affected.

Changes in Internal Control Over Financial Reporting

There were no changes to our internal control over financial reporting during the three months ended June 30, 2026 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II - Other Information

Item 1. Legal Proceedings

From time to time, we have and we may become involved in legal proceedings arising in the ordinary course of business, including claims related to our employment practices, claims of intellectual property infringement and claims related to personal injuries and product liability for the products that we sell and in the Showrooms we operate. Any claims could result in litigation against us and could result in regulatory proceedings being brought against us by various federal and state agencies that regulate our business. Defending such litigation is costly and can impose significant burdens on management and employees. Further, we could receive unfavorable preliminary or interim rulings in the course of litigation, and there can be no assurance that favorable final outcomes will be obtained.

We are currently not a party to any legal proceedings, the outcome of which, if determined adversely to us, would individually or in the aggregate have a material adverse effect on our business, financial condition or results of operations.

Item 1A. Risk Factors

There have been no material changes from the risk factors disclosed in Part I, Item 1A “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2025.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table contains information with respect to repurchases of shares made by the Company during the three months ended June 30, 2026. The table reflects shares delivered to the Company by employees to satisfy tax withholding obligations due upon the vesting of performance stock units and restricted stock units. These shares were not repurchased in connection with any publicly announced share repurchase programs.

Period	Total number of shares purchased	Weighted average price paid per share	Total number of shares purchased as part of publicly announced plans	Approximate dollar value of shares that may yet be purchased under publicly announced plans
April 2026	110,154	\$ 6.47	—	\$ —
May 2026	12,857	5.98	—	—
June 2026	1,131	6.52	—	—
Total	124,142	\$ 6.42	—	\$ —

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information

During the three months ended June 30, 2026, none of our directors or executive officers adopted, modified or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any “non-Rule 10b5-1 trading arrangement” as defined in Item 408(c) of Regulation S-K.

Item 6. Exhibits

Exhibit No.	Description	Filings Referenced for Incorporation by Reference
3.1	Amended and Restated Certificate of Incorporation of Arhaus, Inc.	Exhibit 3.1 to the Company's Current Report on Form 8-K filed November 10, 2021.
3.2	Amended and Restated Bylaws of Arhaus, Inc.	Exhibit 3.2 to the Company's Current Report on Form 8-K filed November 10, 2021.
31.1	Certificate of Chief Executive Officer Pursuant to Rules 13a-14(a) and 15d-14(a) of the Securities Exchange Act of 1934, as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002	Filed herewith.
31.2	Certificate of Chief Financial Officer Pursuant to Rules 13a-14(a) and 15d-14(a) of the Securities Exchange Act of 1934, as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002	Filed herewith.
32.1*	Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002	Furnished herewith.
32.2*	Certification of Chief Financial Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002	Furnished herewith.

**CERTIFICATION OF PERIODIC REPORT UNDER SECTION 302 OF
THE SARBANES-OXLEY ACT OF 2002**

I, John Reed, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Arhaus, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF PERIODIC REPORT UNDER SECTION 302 OF
THE SARBANES-OXLEY ACT OF 2002**

I, Michael Lee, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Arhaus, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY
ACT OF 2002**

In connection with the Quarterly Report of Arhaus, Inc. (the “Company”) on Form 10-Q for the quarter ended June 30, 2026 as filed with the Securities and Exchange Commission on the date hereof (the “Report”), I, John Reed, Chief Executive Officer of the Company, hereby certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, to the best of my knowledge, that:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company for the dates and periods covered by the Report.
